

ACC YL HA Series for Water Treatment

WHY ACC

- ✓ ACC offers products from the **top-class** activated carbon manufacturers.
 - ✓ ACC ensures a **one-stop service** for various demands from customers.
 - ✓ **Double quality guarantee** from both manufacturer side and ACC side after production and before delivery.
- Approved by many authorized institutions from different fields such as **NSF, BV, HALA, Kosher**.etc.

This series products is made by high quality of coconut shell, through advanced production process. Featured by developed pore structure, strong adsorption capacity, fast filtration, etc.

They are widely used in all kinds of water purification, food and water purification, Pharmaceutical water purification, Boiler water purification, air purification, metal extraction, solvent recovery, drugs refinement, decoloration, etc, application field.
